Tina- EPA is requesting our support in Farmington, NM to support OSC Hayes. They would like for me to travel tomorrow in order to make a public meeting in the evening. May need additional community support for several days, not more than a week. They think 3 to 4 days to set up coordination with health agencies and R8. How would you like to proceed?

Patrick

The FOOSC is requesting ATSDR support at the Farmington ICP for the Gold King Mine Release. The need is to answer community questions, attend meetings, etc. Do you have someone available?
